You are receiving an updated version of the **Dansville Fish & Game Protective Association, Inc. Constitution and Bylaws** with this May newsletter. The last constitution update was on February 28, 1990. **Summary:** There are language changes that are more inclusive, policies that reflect today's leadership procedures, spending limits that make sense in 2024 dollars and recognition of communication methods that may include electronic mail, which wasn't a thing in 1990.

Please review the document.

We are prepared to answer any questions at the May membership dinner meeting. We will schedule a vote on adoption of the 2024 revision planned for the July dinner meeting.

**Additional anti-gun legislation is coming.** The state can endlessly pass unconstitutional "laws" and executive orders, infringing on our 2<sup>nd</sup> Amendment Rights -- then pump life into their illegal schemes with the oxygen that is your tax dollars. The legal battle that is formed to slow this erosion can only come from donations from *We the People*.

**Please consider supporting these organizations that are standing up in court for your rights:**
