"One of the most horrifying and surprising evolutions we have witnessed among our widespread campus network is the rapid movement away from tolerating opposing ideas and respectful debate to the deployment of obscene bully tactics from the left."

We are hosting a benefit to help with medical expenses for Aaron Davis on Friday evening, October 17. We will be baking pizza pies and frying up some chicken wings to order. We will be raffling a 4-person guided pheasant hunt. Participate in a 50:50 raffle and a basket raffle. Come, enjoy live music by David Pettis.

See the next page for “Go Fund Me” info

Aaron Davis, 8-year-old, grandson of club members Brian and Claire Davis, loves baseball as much as he does breathing. He is a sweet boy, with manners like he was raised in another era, and a twinkle that shows in his eyes every time he smiles.

On Wednesday, August 27, 2025, he went to the hospital after experiencing pain in his legs for a few days. Things escalated quickly and within hours, he was transferred to Shands in Gainesville. The next day, his family's world was rocked with the devastating diagnosis of **A.L.L. Leukemia.**

Aaron has undergone a spinal tap procedure, two cancer treatments, a bone marrow draw, and a PICC line put in for treatments.

With so many unknowns in his future, we are asking for prayers. Please pray specifically for his healing, for the doctors to have sound decisions, and for peace and strength for both Aaron and his family as they face this head-on.

If you feel led to support Aaron and his family financially, it would be greatly appreciated as well. **He has been admitted to Shands, which is 2 hours from his home. At this time, we know he will be there for at least a month, and then longer for daily treatments.** Then, when he comes home, we know he will require special care as his immune system will be too weak to jump back into everyday/normal life. Funds will help with medical bills, special care, and travel costs related to getting to and from his treatments.
